Oct 3, 2020 Autodesk 3ds Max 2018 Licenses & Activation Keys. Autodesk 3DS MAX 2018 is a software platform to build 3D models using various 3D CAD data formats. I would like to install and activate Autodesk 3DS MAX 2018 software on Windows 7 64-bit. The installer is giving this "403 some error happened" error message. Please help me. Solved: After installing Visual Studio 2019 & Autodesk 3DS MAX 2018, I found that Autodesk 3DS MAX 2018 do not work correctly. It says "The application cannot open this file.." when I open my 3ds Max 2018 design. It also happened when I try to open the model. I did some research and found Autodesk's website has solution. You can download [stability fix]( from their website. Good Luck! A: I had the same problem when I was installing the product on my new HP desktop machine. I thought the package was corrupted when I got a 403 error during the upload of the product to the machine. It then occurred to me that I had downloaded the wrong version of the product (32bit instead of 64bit). I fixed the problem by downloading the correct version. I also opened the product and had a look at how the product was licensed before starting the installation. This helped me to get around any Licensing problems. // This is a generated file.
